ALAN LEMOS

Data Analysis | Indicators, KPIs and AI Automation

+55 85 98763-6925 • contato@alanlemos.com.br • alanlemos.com.br/en • Fortaleza, Brazil • linkedin.com/in/alan-lemos-amaral-647aba1ba

PROFESSIONAL SUMMARY

Civil engineer with a master's in Computer Science and a postgraduate degree in Data Management and Analysis. I build indicators (KPIs) and dashboards that guide process and product decisions, and analyze support data to find improvements. I managed the Lean Efficiency in Construction Award project, with automatic indicator calculation and a data audit trail, 2nd place in the internal AI competition. I apply AI to automate processes, with programming logic and advanced Excel skills.

CORE SKILLS

Data analysis and indicator (KPI) design • Dashboards and reports • Data governance and auditing • AI process automation • Programming logic • Process mapping (BPMN)

Tools: Advanced Excel • Zendesk • Jira • Bizagi • MS Project

PROFESSIONAL EXPERIENCE

IT Support Specialist (Data Analysis) *July 2024 – present*

Aval Tecnologia

- Analyze support data to inform decisions and identify process improvement opportunities.
- Managed the Lean Efficiency in Construction Award project: automatic calculation of the sites' Lean indicators and auditing before publishing (2nd place in the internal AI competition).
- Led the rollout of ClaudIA, an AI virtual support agent, tracking the indicators that showed 30% retention in the first month.
- Work closely with the Product team, bringing support data that drives product improvements.
- Manage the Customer Success support team with Scrum and Kanban and integrate processes between Zendesk and Jira.

Analyst (Civil Engineering) *January 2023 – June 2024*

Aval Tecnologia

- Managed indicators (KPIs) and dashboards for Customer Success and engineering projects.
- Supported planning and quality data management for construction schedules built in MS Project.

Process Analyst (Volunteer) *January 2026 – July 2026*

PMI

- Drafted the project charter and mapped processes in BPMN, organizing deliverables in ClickUp and applying PMBOK best practices.

Other experience

Building Technician — SOS Elétrica | 2021 – 2022
Civil Engineering Intern — SEINFRA | 2020 – 2021

EDUCATION

Master's in Computer Science (research in project management) — CIn-UFPE — Aug 2023 – Dec 2025
Postgraduate Degree in Data Management and Analysis — PUC-MG — Jun 2023 – Dec 2024
Bachelor's in Civil Engineering — IFCE — Aug 2015 – Dec 2020

COURSES AND CERTIFICATIONS

Programming Logic — PUC-MG (2024) • Advanced Excel — SENAI (2011) • Process Management — Max Santos (2023) • Master Black Belt in Lean Construction — AcademyCon (2022) • Advanced English, B2 level — LSI (2021)

PROJECTS

- **Lean Efficiency in Construction Award | 2026** — monthly ranking of construction sites with indicator auditing; 2nd place in the internal AI competition
- **ClaudIA: AI Virtual Support Agent | 2026** — led the rollout across three channels; 30% of conversations retained by AI in the first month
- **Smart Support App for Zendesk | 2026** — AI ticket classification, replies and escalation right inside the ticket
- **Medidor de Estudos** — my own product: performance dashboard with hours, tasks and accuracy per group
