ALAN LEMOS

Product Owner | Product, Processes and AI

+55 85 98763-6925 • contato@alanlemos.com.br • alanlemos.com.br/en • Fortaleza, Brazil • linkedin.com/in/alan-lemos-amaral-647aba1ba

PROFESSIONAL SUMMARY

Civil engineer with a master's in Computer Science, experienced in backlog prioritization, requirements definition and delivering product-oriented solutions. I led an AI customer service assistant project, from requirements to delivery validation, which retained 30% of conversations in the first month. I work with Scrum and Kanban in Jira and build my own products, such as Medidor de Estudos and My Fit Pepe, from concept to live app. I'm looking for a Product Owner role that combines product vision, data and technology.

CORE SKILLS

Backlog prioritization and requirements definition • User discovery • Agile methods (Scrum and Kanban) • Stakeholder management and communication • AI process automation • KPIs and dashboards • Process mapping (BPMN)

Tools: Jira • ClickUp • Zendesk • Bizagi • MS Project • Advanced Excel

PROFESSIONAL EXPERIENCE

IT Support Specialist *July 2024 – present*

Aval Tecnologia

- Led the ClaudIA project, an AI virtual support agent, defining requirements and priorities: 30% of conversations retained by AI in the first month.
- Managed the transition from human to AI customer service, mapping processes and reorganizing the knowledge base.
- Work closely with the Product team, bringing support data that drives improvements to the company's products.
- Won 2nd place in two internal AI competitions: with the Lean Efficiency in Construction Award and with a team project.
- Manage the Customer Success support team with Scrum and Kanban and integrate processes between Zendesk and Jira.

Analyst (Civil Engineering) *January 2023 – June 2024*

Aval Tecnologia

- In Customer Success, built construction schedules for clients and followed execution, turning client needs into deliverables.
- Managed indicators (KPIs) and dashboards for Customer Success and engineering projects.

Process Analyst (Volunteer) *January 2026 – July 2026*

PMI

- Drafted the project charter and mapped processes in BPMN, organizing deliverables in ClickUp and applying PMBOK best practices.
